

The Natural Choice for Natural Slate

Premium quality roofing slate

Calidad 20 Spanish roofing slate is suitable for a wide variety of buildings.

Calidad 20 Spanish slate has a smooth, slightly textured appearance, with no visible pyrite. This slate, which is blue grey in colour, is very easy to grade and lay on the roof and is sourced directly from the slate quarry.

The supplier of this roofing slate is one of the world's largest slate producers which ensures increased availability and with more than 1 million slates being sold in the UK it has a proven track record. This slate has a quarry backed guarantee.

This roofing slate is flat and even, meaning there is less sorting and grading required which will mean less work for the roofer, which will save time.

This roofing slate complies with the relevant British and European standards, BS EN 12326 and the test results show that this slate is A1, T1 and S1.

This slate is available in 50x25 Prime.
