

# The Natural Choice for Natural Slate

## Premium quality roofing slate

JRC are proud to offer you this premium quality roofing slate, from the prestigious La Bana region of Northern Spain.

This roofing slate is flat and even which means there is less sorting and grading for the roofer which will save them time. There is no visible pyrite which gives an aesthetically more pleasing finish.

With a 100 year quarry backed guarantee this gives the added peace of mind.

**Produced in Northern Spain to German Standards**

**No visible pyrite**

**Conforms to relevant British and European standards**

**Highest possible classification when tested to BS EN 12326: T1, A1 and S1**
